

The Origin of the Teraverde Logo

Teraverde flows from the Latin “terra” meaning earth or fields, and “verdant” mean green and lush. We excel at taking a fresh, “green earth” approach to breed operational excellence within our clients.

The green brushstroke symbolizes creativity and opportunities to plant seeds for profit in new ground.

The stylized upward pointing arrow represents profit growth, efficiency, and attaining new heights for our clients.

The two horizontal bars represent our work with both financial institutions and mortgage bankers.

Consider it. *Done.*
